

GE Inspection Technologies Corrosion Technology Workshop

Date: Thursday, May 5, 2016

Time: 3 pm to 7 pm

Location: GE Oil & Gas
201 Beltway Green Blvd
Pasadena, TX 77503

Topic: Hands-on demonstrations of UT, X-ray, Eddy Current and Remote Visual Corrosion Inspection Solutions.

5:00-7:00 pm Beer / wine and light hors-d'oeuvres served.

Go to ge-mcs.com/Pasadena-csc for more information

Plus, an exclusive first look at GE's Mentor UT Corrosion Portable.

GE Oil & Gas

You're Invited to
GE Inspection Technologies'

Corrosion Technology Workshop

Thursday, May 5, 2016

3:00 pm to 7:00 pm

Demonstrating corrosion inspection solutions for Ultrasonic, Radiography, Remote Visual Inspection and Eddy Current.

The right equipment. The right service. Right in Pasadena.

Pasadena Technology Solutions Center

201 Beltway Green | Pasadena, TX 77503
(281) 542-3600 | (855) 232-7470

Please RSVP to elizabeth.stillion@ge.com by April 28, 2016

Digital Solutions

Readily available, full line of Inspection Technologies and Measurement & Sensing equipment

Inspection Technologies

Remote Visual Inspection Devices

- XLG3™ VideoProbe®
- XLGO™ VideoProbe®
- XLG3™ LongSteer®
- XL Pro Plus VideoProbe®
- XL Go Plus VideoProbe®
- ROWER® 5.0 100mm Crawler
- ROWER® 5.0 125mm Crawler
- Ritec Ca-Zoom® PTZ 6.2 Push Camera
- Mentor Visual IQ Video Probe

Portable Ultrasonic & Electromagnetic Products

- DM5E - Thickness Gauge w/DL
- DMS 2 - Thickness Gauge
- USM Go - Flaw Detector
- USM 35X BNC - Flaw Detector
- USN 60 SW - Flaw Detector
- Phasec 3 Series - Flaw Detector
- Phasor XS - Phased Array Flaw Detector
- MIC 10 – Hardness Tester
- MIC 20 – Hardness Tester -requires probe
- MIC 205A - Load Standard Probe

Radiography

- CRxFlex Scanner
- Generator, Friedmann 180kV
- FS50B - Film Digitizer
- DXR250U-W - Wireless X-Ray Detector
- CRxVision Scanner

Positive Material Identification (PMI)

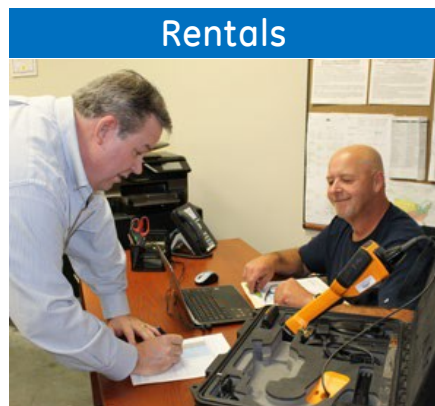

- XL PMI
- XL PMI+
- XL PMI+ Ultra

Measurement & Sensing Flow, Gas and Moisture Instruments

- Transport PT878GC - Portable Ultrasonic Gas Flow Meter
- Transport PT878 - Portable Ultrasonic Liquid Flow Meter
- PM 880 - Portable Hygrometer Moisture Analyzer
- GF 868 - Digital Flow Flare Flow Meter
- DF 868 - Digital Flow Liquid Flow Meter
- AT 868 -Aquatrans Liquid Flow Meter
- OXY.IQ -IQ Oxygen Transmitter
- Moisture.IQ -IQ Series Moisture Analyzer

Pressure Instruments

- DPI 620 Temp & Frequency Calibrator

Training and Applications Lab

Instruction, training and hands-on demos of the latest equipment and processes. Examples of training classes available include:

Inspection Technologies

- Eddy Current Testing
- Ultrasonic Testing (including Phased Array)
- Visual Testing
- Digital Radiographic Testing

Measurement & Sensing

- Gas Flow Measurement System
- Liquid Flow Measurement System
- Moisture Measurement

Flow & Process Technologies

- End-User Power & Process
- GTC Shop & Field Service
- MARC Valve Repair Mechanic

Bently Nevada

- System 1 Fundamentals
- 3500 Operations & Maintenance
- Balancing

Serving customers and partners in:

Oil & Gas

PowerGen

Aerospace
